

## Expedited Healthcare

The QuikCare Platinum program helps you and your dependents avoid wait times, by providing treatment in days or weeks, compared to months under normal circumstances. It has recently been upgraded to provide you with even better access to expedited healthcare. The program already included access to diagnostic tests and specialists, and surgeries (for members only) have now been added, effective June 1, 2024.

Designed specifically for Benefit Plan Administrators (BPA) Members, this upgraded program allows you access to all the diagnostics and specialists currently available to you, plus a variety of new services.

### DIAGNOSTICS

- Colonoscopy
- Endoscopy
- CT Scan
- MRI
- Ultrasound

### SPECIALISTS

- Dermatologist
- Endocrinologist
- Gynecologist
- Podiatrist
- Respiriologist
- Cardiology
- Ear, nose and throat
- Gastroenterology
- General Surgery
- Neurology
- Neurosurgery
- Ophthalmology
- Orthopedics
- Rheumatology
- Urology

### SURGERIES\* - NEW!

(Members only, not available to dependents)

- General Surgery: Cataract, ear, nose and throat, gallbladder and hernia
- Orthopedic Surgery: ACL, ankle, elbow, foot, hand, hip, knee, shoulder, toe and wrist

\*Not all surgeries qualify. For example, joint replacement surgeries are not covered.

Our Case Management team will coordinate with you and assist you every step of the way.
